

PLAN AN INTEGRATED DIAGNOSTIC APPROACH

Worksheet (W1:PM8)

EXERCISE 1: PLAN AN INTEGRATED DIAGNOSTIC APPROACH

Time: 60 minutes

Instructions:

- Divide into 4 groups. Discuss and document the following:
- What opportunities exist for establishing a multi-disease testing device laboratory network in your country?
- What are the key concerns for collaborations between different programmes? How may these be addressed?
- What challenges to collaboration exist, and how may these be overcome?
- Share your findings with the group
