

**"MDR-TB scale-up"
Revisiting the Global Architecture**

TEMPLATE FOR TASK FORCE PROFILE

**New Mechanisms and Tools for Reviewing, Evaluating,
Monitoring and Supporting DR-TB Control Scale-Up**

1. Name of the Task Force:

New mechanisms and tools for reviewing, evaluating, monitoring and supporting DR-TB control scale-up

2. Convener and Co-convener :

Ernesto Jaramillo Salmaan Keshavjee

3. Members and Affiliation:

1. Mohamed Aziz, Global Fund
2. Amy Bloom, USAID
3. Pepe Caminero, UNION
4. Peter Cegielski, US CDC
5. Chuck Daley, ATS
6. Michael Kimerling, B&MGF
7. Salmaan Keshavjee, PIH
8. Agnes Gebhard , KNCV
9. Mirtha del Granado, PAHO/WHO/AMRO
10. Kitty Lambregts, WG MDR-TB
11. Wieslaw Jakubowiak, WHO
12. Ernesto Jaramillo, WHO
13. Domingo Palmero, Hospital Muñiz, Argentina
14. Javid Sayeed, TAG
15. Paul Thorn, WG MDR-TB
16. Arnaud Trebucq, UNION
17. Jacques van den Broek, KNCV
18. Francis Varaine, MSF
19. Fraser Wares, WHO/SEARO

4. Aims of the Task Force (each to be numbered and defined clearly):

- a. Redefine the M&E and advisory functions, define criteria for rating countries and key institutions, and define a transition model from the current GLC, proposing to partners a

mechanism for an independent and transparent assessment of the efforts in DR-TB management in order to support countries, donors, STP partners and WHO.

b. To assess the necessity of a new architecture in Stop TB Partnership to monitor, coordinate efforts and advocate for global scale up of DR-TB management.

5. Expected outcomes or deliverables¹ (each to correspond to each aim as in item 4):

5.1 Draft TORs for the new bodies that will review, evaluate, and monitor MDR-TB control efforts

i) Paper with rationale and TORs for a WHO-based body advising donors on technical issues

ii) Paper with rationale and TORs for a rating system of countries and key implementing institutions

iii) Paper with rationale and TORs for a functional group that monitors and evaluates DR-TB progress

5.2 Draft organigram with clear description of roles and lines of accountability

i) Paper describing actors, bodies, and responsibilities of the new architecture of the MDR-TB area of the Stop TB Partnership

6. Process and Timeline (describe for each outcome/deliverable how the TF will work as indicated in the boxes below):

Outcome/deliverable
