# CFCS Round 11

## Grantees

### ISHONCH VA HAYET

**Project location:** Tashkent city

**Aim:**

- To increase engagement of TB affected communities and their representative organizations in new TB cases detection on the basis of CRG approach in Uzbekistan, Tashkent city.

**Objectives:**

- To develop, with the involvement of TB-affected communities and their representative organisations, a legal and regulatory framework for the engagement of private medical providers (PMP) in the provision of TB screening and diagnostic services following the principles of CRG by Q2 project
- To build the capacity of ten PMPs in Tashkent city to provide community-based TB screening and diagnosis services in line with CRG principles by the start of the Q2 project
- To implement in ten PMPs in Tashkent city, an innovative screening and diagnostic pilot model for TB detection based on the principles of CRG, including screening 10 000 people and detecting 75 new TB cases among TB-affected communities by the end the project
- To set one cross-sectoral working group on strengthening TB testing policies following the CRG principle, engaging TB-affected communities, their representative organisations, the private sector and the government by the end the project
- To participate and engage in various TB advocacy and accountability initiatives at national, regional and global levels with particular focus on UNHLM TB and NFM4
