UN Secretary General
2020 Progress Report on TB

Dr. Lucica Ditiu

Stop TB Partnership

11 December 2019, Stop TB Partnership Board Meeting, Jakarta
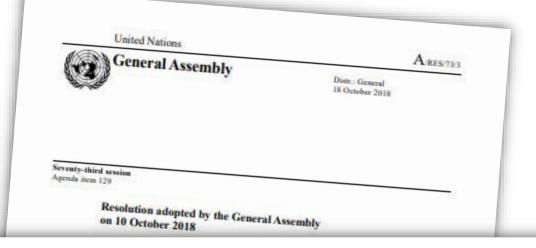

Background

UNHLM TB 2018 Political Declaration para 53

United Nations

General Assembly

A/RES/73/3

Distr.: General
18 October 2018

Seventy-third session
Agenda item 129

**Resolution adopted by the General Assembly
on 10 October 2018**

53. Also request the Secretary-General, with the support of the World Health Organization, to provide a progress report in 2020 on global and national progress, across sectors, in accelerating efforts to achieve agreed tuberculosis goals within the context of achieving the 2030 Agenda for Sustainable Development, including on the progress and implementation of the present declaration towards agreed tuberculosis goals at the national, regional and global levels, which will serve to inform preparations for a comprehensive review by Heads of State and Government at a high-level meeting in 2023.

Current situation

- WHO has developed Multisectoral Accountability Framework (MAF)

- Stop TB unpacked global UNHLM targets to indicative country targets

- Country partners work on sub-national targets for in-country accountability (e.g. India, Indonesia, Nigeria, Pakistan)

- African Union with Stop TB and WHO AFRO developed a TB score card for Heads of State and Government

- Most of the data needed for reporting are available –missing, e.g. children on MDR-TB treatment

The 2020 UNSG Progress Report on TB can include…..

| Targets and Commitments	Global progress	National progress
UNHLM • Prevention • Diagnosis and treatment • Funding • HR • Gender, stigma,…….	• Global progress on each target and commitment: On-track/Off-track/No-data • Funding situation • Recommendations	• Progress for each country for each target/commitment: On-track/Off-track/No-data • Funding situation • Policies • Assessments and progress on gender, stigma, HR, OOP costs • Country readiness on MAF • Recommendations

Report of the Secretary-General*

HIV/AIDS Report (2019) – 27 pages

- Focus on regional and country progress against specific targets
- Emphasizes the importance of reaching vulnerable and marginalized groups and increasing funding
- Includes progress on joint AIDS/TB targets (e.g. integrated AIDS/TB counselling and treatment

NCDs Report (2017) – 28 pages

- Focus on national level targets and action - 58% of countries have adopted national targets from NCDs UNHLM global targets
- Strong analysis of specific challenges to reaching targets and recommendations to address them
- Heavy on text and light on data

NEXT STEPS

Working with WHO and all partners:

- Send the updated 2018 UNHLM indicative targets to Country Stakeholders
- Create Regional UNHLM Scorecards - (in progress) with Africa Union, all regions
- Tracking High-Level Commitments ('What Did you Do?' UNHLM Dashboards)
- Support the work for communities' monitoring/communities audit of TB response
- Support MAF variables development
- Beyond September - Unpack the UNSG 2020 Report for stakeholders and country level distribution

CHALLENGES

- Ensure and support participation in the report development of all constituencies
  - Civil society and affected community; Private sector; Research community; political leaders; parliamentarians
- Ideally (at least all HBCs) should hold an inclusive high level national review workshop
- Global consultation before the 2020 Report is finalized
- Availability and sources of data - missing data?

Thank you
